## ***REASONS FOR ALLOWANCE***

1. The amendment filed 8/5/2005 has been entered. Claims 1-76 are pending in this Office action.

### ***Allowable Subject Matter***

2. Claims 1-76 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter: Umemura et al and Voit fail to disclose the first device comprising a clock generation circuitry, the clock generation circuitry being operable to select and to provide a clock signal to the second device, the clock signal having a frequency and a phase, and the first device further comprises a pin that is used to select at least one of the frequency of the clock signal and the phase of the clock signal that is provided to the second device; the second device comprising a clock skewing circuitry, the clock skewing circuitry being operable to skew a received clock signal to generate a skewed clock signal, the received clock signal being transmitted by the first device and received by the second device and skewed clock signal having a received frequency and received phase; the first device further comprising a first pin that is used to select at least one of the frequency of the transmitted clock signal and the phase of the transmitted clock signal that is provided from the fist device to the second device, and the second device further comprising second pin that is used to select at least one of the frequency of the skewed clock signal and the phase of the clock signal that is generated within the second device.
